In the 2019 General Election in Folkestone and Hythe 59,265 ballot papers were issued. 44,858 of those votes counted for nothing, including 21,336 Conservative votes. Is it any wonder our Parliament isn't remotely representative?

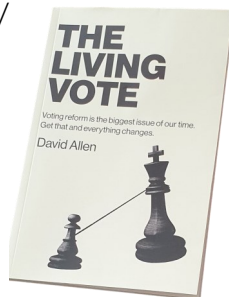

These ideas are radical, Pragmatic, and ground-breaking. You will never have heard of them before. Do you really want Labour/ Conservative incompetence forever?

A vote for us is a vote for change!
